

**Steel straps
PP and PET straps**

Strap cutter CBC

**Cuts steel straps,
PP and PET straps
including seals**

Strap cutter CBC

Facilitates collecting of straps for recycling.
Cuts steel straps up to max 32 mm width into 85 mm length.
Does also manage high tensile steel straps, PP, PET straps,
and straps with seals.

Functions

Is placed on an open and empty barrel.
The function is simple – feed in the strap a bit and the machine cuts
the whole length.

Options

- Sound insulation
- Auto start/stop

Specifications

Power supply:	3 x 400 V, 50–60 Hz
Strap:	Max 32 x 1.27 steelstrap 1000 N/mm ²
Cutting device:	Turnable knives
Capacity:	30 m/min
Weight:	120 kilo
Dimensions:	600x800x350 mm
Insulation class:	IP 54
Noise level: (standard)	70 dB (A) running empty 85 dB (A) plastic straps 95 dB (A) steel straps
Noise level: (with sound insulation)	60 dB (A) running empty 75 dB (A) plastic straps 85 dB (A) steel straps
According to CE-norm	
Dimensions: (crated)	1070x800x600 mm 130 kg
